Suggested Student Requirements

1. Good reading, and note-taking skills.
2. Ability to listen and follow directions.
3. Ability to skillfully navigate the Internet.
4. Knowledge and experience with computer systems and computer architecture.
5. A strong desire to work in the career field of computer networking.
6. Students must be willing to work with the Microsoft Office Suite and to strive to obtain MOUS certifications.

THE NORTHERN NECK TECHNICAL CENTER DOES NOT DISCRIMINATE AGAINST ANY GROUP OR INDIVIDUAL ON THE BASIS OF RACE, RELIGION, SEX, NATIONAL ORIGIN, AGE, OR DISABILITY.

General Information

Students attend the Technical Center at these times, depending on their year in the program:

First Year Students
Mornings-9:00 to 11:30

Second Year Students
Afternoons-12:00 to 2:30

High School Credits
Students earn 3 credits for successful completion of Information Systems Technology I and 3 credits for successful completion of Information Systems Technology II.

Transportation
Students are transported to and from the Technical Center in buses provided by their home schools.

SkillsUSA Club
Students are asked to join the class SkillsUSA club. In order to compete in the various competitions a student has to be an active member.
Information Systems Technology I

You’ll gain expertise in software and hardware, communications, I.T. (information technology) and systems support. The course also covers upgrades, maintenance, CompTIA’s A+ exam for entry level technicians, and instruction in basic computer design and architecture.

The Microsoft Office Users Specialist certification program is also part of the curriculum. Students will be given opportunity to gain Microsoft Office Specialist (MOS) certifications.

Information Systems Technology II

This class is a continuation of Information Systems I. In this class, you will focus on Obtaining MOUS certifications and continuing with the A+ certification. Students who have successfully passed the A+ pre-test and wish to participate in the A+ test will be allowed to take the test.

A few more things…

Come prepared to have fun while learning. This class will prepare you for the real world in a real computing environment. Never before has a class offered so much to students. Please bring an open mind and a pro-active attitude.

How do I apply?

If you are interested in more information regarding this program or any other NNTC program please contact your school counselor.

An application needs to be filled out and turned in to your school counselor to apply.
