

MEET OUR NEW STAFF

Mrs. Susan Johns is our new Finance Director and joins us after spending 15 years as Special Projects Coordinator with Richmond County Public Schools. She grew up in Tappahannock, earned a Bachelors degree in Accounting from University of Richmond, and now lives in Warsaw. Mrs. Johns has 2 adult daughters, a 16-year old son now attending Rappahannock High School, and a yellow lab. She considers herself a “morning person” and says that it’s not unusual for her to make an early trip to Wal-Mart and still make it to work on time. She looks forward to learning her new job and getting to know all the staff.

Westley Woolard, our new instructor for the Building Trades and Electricity programs, is also a former student – he attended during his junior year at Rappahannock High School. A lifelong resident of the Northern Neck, he grew up in Haynesville and now resides in Lottsburg with his pregnant wife, 3- year old daughter, and 3 dogs. He recently became a Master Electrician through a 3-year VA State Apprenticeship Program and worked for 2-1/2 years as a service technician and jobsite foreman with B&R Electric. Westley doesn’t have a lot of free time, but when he does he enjoys fishing, hunting, and sports. He’s excited to be a new teacher and looks forward to passing on his knowledge to his students.
